Modern design glass bathroom accessories set round shape with small dots bath kit soap dispenser

Product introduction:

When the first ray of morning light spills into the bathroom, this**"Azure Glass 4-Piece Set"** rouses your senses with its fluid, water-like texture.

Coated in a clear mint-green glaze and adorned with three-dimensional diamond patterns, it's like trapping the refreshment of a summer iced drink inside glass — the pump dispenser features a mirror-polished finish, adding a touch of elegant ritual with every press; the tumbler fits perfectly in your palm, its textured diamond surface offering just the right grip; the toothbrush holder's metallic rim enhances the glass's translucency, and even the soap dish is shaped with a gentle curve to keep soap dry and free from sogginess.

This bathroom 4-piece set (dispenser, tumbler, toothbrush holder, soap dish) strikes the perfect balance between practicality and aesthetics: the glass material is easy to clean, the diamond patterns cleverly hide water stains, and the mint-green hue softens the cold, stark feel of the bathroom. Even left casually on the countertop, it's a marker of laid-back, refined living.

From the toothpaste-squeezing mornings to the post-makeup-removal evenings, this soft shade of blue-green is a small, healing joy tucked away in everyday life.

Cleaning guides:

Daily Cleaning (After each use/daily)

- **Quick Rinse:** Rinse residues (e.g., toothpaste foam, soap suds) off the tumbler and soap dish with warm water to prevent drying stains.
- **Soft Cloth Wipe:** Gently wipe the set's surface with a clean cotton towel/soft cloth; dry water stains to avoid marks.

Deep Cleaning (Once a week)

- **Gentle Soak:** Submerge the 4-piece set in warm water + a small amount of neutral dish soap; let sit 5-10 mins (avoid prolonged soaking of metal parts).
- **Soft Brush Scrub:** Use a soft-bristled toothbrush/sponge to scrub diamond pattern gaps and remove trapped dirt.
- **Thorough Rinse:** Rinse repeatedly with clean water to remove soap residue; dry all parts completely with a cloth.

Notes

1. Do not use steel wool or hard scouring pads (they scratch glass and metal plating).
2. Avoid direct rinsing with boiling water (extreme temperature changes may crack the glass).
