Glass bathroom accessories set round with diamond pattern lotion bottle with pump soap dish toothbrush holder

Product introduction:

When the cozy hustle of the bathroom collides with the elegance of retro glass, this amber brown 4-piece bathroom set becomes a quiet touch of refinement in everyday life.

Its thoughtful 4-piece configuration perfectly covers all vanity needs: The plump, rounded soap dispenser, with diamond-cut facets that catch light to cast delicate glimmers, pairs a shiny metallic pump—even squeezing body wash feels like a graceful ritual. The matching tumbler has a smooth, warm feel; its amber hue softens the morning light as you brush your teeth. The lidded cotton jar is a detail-lover’s favorite: its sealed lid bears the same diamond pattern, keeping cotton swabs and pads dust-free and stylish. Even the small soap dish holds clever design: its shallow shape cradles soap, preventing it from getting soggy.

The translucent glass has just the right thickness, and its brown tone complements any decor—adding softness to wood-themed bathrooms, or balancing the edge of industrial-style spaces with its retro charm. From the dispenser’s curve to the soap dish’s rim, every diamond facet carries artisanal subtlety: it’s both a practical essential and a ready-to-display vanity accent.

Set this 4-piece glass collection on your vanity, and both the rush of morning routines and the calm of evening baths gain a layer of polished ritual—proving that life’s elegance lies in the small, reachable moments of daily life.

Cleaning Tips for the 4-Piece Glass Bathroom Set

This amber-brown glass bathroom set is both stylish and functional. To keep it crystal clear, shiny and free from yellowing or mold for the long run, follow this two-step cleaning routine: **daily maintenance** and **deep cleaning**.

Daily Quick Cleaning (Do it right after each use)

1. **Soap Dispenser:** Wipe off any residual soap from the pump and bottle surface with a damp cloth to prevent soap scum buildup. Once a week, unscrew the pump and rinse the bottle opening and the tube with warm water to avoid clogging.
2. **Tumbler:** Empty any leftover water after brushing your teeth, rinse the inner wall thoroughly with clean water, then invert the tumbler to air-dry completely. This prevents limescale and bacteria from accumulating at the bottom.
3. **Cotton Jar:** Close the lid immediately after taking out cotton swabs or pads to keep dust out. Empty the jar once a week and wipe the inside clean with a dry cloth to remove any debris.
4. **Soap Dish:** Wipe away any excess water and soap residue right after use, and keep the dish dry at all times. This prevents the soap bar from getting soggy and sticking to the dish.
