Modern design glass bathroom accessories set round shape with swirl stripe ombre blue lotion pump bottle tumbler

Product introduction:

This is a five-piece gradient blue glass bathroom set, infusing any bathroom space with a dreamy and sophisticated visual texture through its vibrant colors and exquisite craftsmanship.

The set features gradient blue glass as its core material, with the color naturally transitioning from deep cobalt blue at the bottom to a translucent, clear finish at the top. This creates a dynamic light and shadow effect, reminiscent of the shifting waves of the ocean, and a rich, flowing sense of movement when light refracts through it. The bottles and containers are adorned with an iconic spiral twist pattern, where the raised and recessed textures not only enhance the three-dimensional depth of the glass but also make light dance across every fold, producing a brilliant and delicate sheen.

From left to right, the five pieces each serve a distinct function while maintaining a unified design language:

Toilet brush holder: A cylindrical base paired with a chrome-finished metal brush handle. The gradient blue twisted glass creates a striking contrast with the metallic texture, combining functional practicality with an elegant accent for the bathroom corner.

Cotton jar: Designed with a lid, the transparent spherical knob on top complements the twisted details of the jar body. It provides easy access to small items like cotton pads and swabs while effectively keeping dust out and maintaining a tidy countertop.

Lotion dispenser: The press-type pump head is crafted with a high-shine chrome finish, creating a material contrast with the gradient blue glass bottle. The smooth twisted lines offer a comfortable pressing experience, ensuring even liquid dispensing, and it is suitable for various liquids such as hand soap or body wash.

Toothbrush holder: A dual-compartment design that echoes the twisted gradient blue texture of the other pieces. It can hold two toothbrushes simultaneously, keeping the countertop clean and organized.

Tumbler: A standalone single cup, ideal for rinsing or storing small items. Its gradient blue color and twisted texture blend seamlessly with the entire set, creating a visually cohesive look.

Overall, this five-piece bathroom set achieves a perfect balance between functionality and aesthetics through the combination of gradient blue glass and chrome-finished accessories, along with the consistent twisted design. It is suitable for modern minimalist bathrooms and can also infuse a touch of luxury and dreaminess into traditional spaces, making it an ideal choice to elevate the style of any bathroom.

Cleaning Tips for the 5-Piece Glass Bathroom Set

Cleaning Guide for Gradient Blue Twisted Glass Bathroom Accessory Set

This gradient blue twisted glass bathroom accessory set can maintain its dreamy, translucent appearance with simple daily care.

I. Daily Cleaning (1–2 times a week)

Wipe away surface dust and water stains with **clean water + a soft cloth**. Avoid using scouring pads or steel wool to prevent scratching the glass.

For the twisted crevices, gently brush with a soft brush or cotton swab to prevent dust buildup.

Clean the inside of the lotion bottle promptly after use to prevent residue from becoming sticky and clogging the pump.

II. Removing Water Stains and Limescale

For light stains: Use a mild dish soap or glass cleaner, spray it on, let it sit for 1 minute, then wipe off.

For stubborn limescale: Use diluted white vinegar or citric acid solution to wipe. Do not let it sit for more than 2 minutes, then rinse thoroughly with clean water and dry immediately to avoid corroding the glass.

Dry thoroughly—air-dried water stains will leave white marks and dull the translucent gradient blue finish.

III. Electroplated Parts Care (Key Points)

Avoid contact with strong acids, alkalis, disinfectants, or bleach.

Do not leave the items damp for long periods; dry them after use to prevent oxidation and blackening.

IV. Tips for Each Component

Lotion dispenser: Regularly clean the bottle and pump head, and let them dry before refilling.

Tumbler / Toothbrush holder: Rinse the inside daily to avoid toothpaste residue.

Cotton jar: Keep it dry to prevent cotton pads from getting damp and moldy.

Toilet brush: Rinse thoroughly with clean water after use and let it drain; disinfect the base regularly.

V. Prohibitions (Must Avoid)

Do not use strong acids, alkalis, or bleach

Do not use hard brushes or abrasive sponges

Do not expose to direct sunlight or allow water to accumulate for long periods

With simple care, this bathroom set will maintain its delicate, translucent appearance, and the dreamy gradient blue texture will remain vibrant for a long time.

Production process

FAQ

Are you a factory or trading company?

We are a factory with sales office and factory in Dongguan, China. Our factory has BSCI certificates and more than 60 experienced workers.

How about the delivery day?

We need 60 days as production lead time after the order is confirmed. We have no stock at hand, so we will prepare material and arrange mass production according to your purchase order.
