Polyresin bathroom accessories set round with swirl stripe and wood accessories modern soap bottle tumbler

Product introduction:

Elevate your daily cleansing routine into a moment of serene relaxation with this **5-piece bathroom accessory set**, masterfully crafted from premium resin and natural wood. Seamlessly blending contemporary design ingenuity with the warm, tactile texture of nature, it redefines bathroom aesthetics by harmonizing exceptional functionality with sophisticated style.

The entire collection features a soft off-white base, adorned with an exquisite twisted diagonal texture that exudes delicate craftsmanship as light and shadow dance across its surface. This timeless finish ensures effortless integration with a wide range of interior styles, from minimalism to modern classic. Each piece is accented with carefully selected natural wood inlays at the base, creating a striking contrast between the smooth resin and the rich, organic grain of the wood. This thoughtful detail infuses even the coolest bathroom spaces with a touch of natural warmth, elevating the overall ambiance with understated luxury.

Comprising five practical essentials, this set caters to all your daily bathroom needs:

Soap Dispenser: Fitted with a durable ABS pump for smooth, drip-free dispensing, perfect for hand soap or body wash.

Tumbler: Optimally sized for rinsing or toothbrush storage, featuring a non-slip design that balances practicality with aesthetic appeal.

Soap Dish: Equipped with a wooden draining grate to quickly wick away moisture, preventing soap mush and extending its lifespan.

Oval Vanity Tray: Spacious enough to organize skincare, jewelry, and small toiletries, keeping your countertop neat and clutter-free.

Toilet Brush: Boasting a sturdy stainless steel handle and a wood-accented base, it ensures efficient cleaning while discreetly concealing the brush head for a tidy look.

Constructed from high-quality resin, the set is 100% waterproof, moisture-resistant, and stain-proof—maintaining its pristine finish even in humid bathroom environments. The natural wood components undergo a precision sealing process, effectively guarding against water damage and ensuring long-lasting durability without compromising on texture.

Versatile enough to complement modern minimalist, Scandinavian, or luxury-inspired décors, this bathroom set transforms every cleansing ritual into a tranquil escape. It is the ultimate choice for creating a private bathroom sanctuary that seamlessly marries visual elegance with everyday practicality.

Cleaning Tips for the 5-Piece Glass Bathroom Set

To maintain the beauty and durability of this 5-piece resin and wood bathroom set, please follow these cleaning and care recommendations:

I. Daily Cleaning (Resin Body)

Daily care: Use a soft microfiber cloth or sponge dampened with mild neutral soapy water or diluted dish soap to gently wipe the surface.

Stubborn stains: For light stains or watermarks, apply a small amount of baking soda paste with a damp cloth and rub gently, then rinse thoroughly with clean water and dry immediately.

Avoid: Do not use steel wool, scouring pads, or abrasive cleaning tools, as well as cleaners containing abrasives, strong acids, or alkalis, to prevent scratching or corroding the resin surface.

II. Care for Wooden Components

Cleaning: Wipe the wooden bases and the draining grate in the soap dish with a slightly damp soft cloth. Do not soak them in water for extended periods.

Drying: Always dry thoroughly with a clean cloth after cleaning to prevent wood warping, cracking, or mold growth due to residual moisture.

Regular maintenance: Every 3–6 months, apply food-grade wood wax oil or a specialized wood care oil evenly to the wooden surfaces. Allow it to fully absorb, then wipe off any excess oil to maintain the wood's luster and water resistance.

III. Item-Specific Cleaning Instructions

Soap dispenser: Regularly empty any remaining liquid, rinse the interior with warm water, and wipe the body and pump head with a soft cloth. If the pump becomes clogged, soak it in warm water to clear the blockage.

Tumbler: Rinse with clean water daily. Once a week, soak it in diluted white vinegar for 10–15 minutes to remove limescale and bacteria.

Soap dish: Promptly remove standing water and soap residue. The wooden draining grate should be taken out separately for cleaning and fully air-dried.

Tray: Wipe the surface with a damp cloth. Avoid placing hot items directly on the tray.

Toilet brush: Rinse the brush head with clean water after use. When replacing it in the holder, ensure the head does not touch the bottom of the base to maintain ventilation and dryness. The interior of the base can be wiped periodically with a diluted disinfectant.

IV. Additional Notes

Avoid prolonged exposure to direct sunlight or high temperatures to prevent resin discoloration and wood cracking. Keep the set away from sharp objects to avoid surface scratches.

Production process

FAQ

Are you a factory or trading company?

We are a factory with sales office and factory in Dongguan, China. Our factory has BSCI certificates and more than 60 experienced workers.

How about the delivery day?

We need 60 days as production lead time after the order is confirmed. We have no stock at hand, so we will prepare material and arrange mass production according to your purchase order.

Can I use my own design/color?

Surely you can! You can change the color of the include parts & body, components, and pattern. We can follow your design and artwork in mass production. For some new design, tooling might be needed; we will advise on the tooling cost and lead time before creating.
