## New design polyresin bathroom accessories set round with swirl stripe and wood accessories soap dispenser

### Product introduction:

Infused with a rich vintage red hue, this 5-piece bathroom set masterfully blends the sleek texture of premium resin with the warm, organic grain of natural wood. It creates a sophisticated focal point in your bathroom, elevating your daily cleansing routine into a ritual that balances both aesthetic appeal and practical functionality.

Crafted from high-quality resin, each piece features an exquisite twisted diagonal texture that catches the light, creating a layered, tactile dimension. The matte red finish exudes understated luxury while being remarkably resistant to visible smudges, making it a seamless fit for a variety of interior styles, from retro and modern to contemporary luxury. Every item is anchored by a solid natural wood base, where the light, natural tone of the wood provides a striking contrast to the deep red resin. This thoughtful detail softens the boldness of the color while infusing the cool bathroom environment with a touch of organic warmth, showcasing meticulous craftsmanship in every detail.

The set includes five essential pieces, designed to meet all your bathroom storage and cleaning needs:

**Soap Dispenser:** Equipped with a matte black ABS pump head for smooth, drip-free dispensing, ideal for hand soap, body wash, or lotion, with a comfortable, ergonomic press.

**Tumbler:** Perfectly sized for rinsing or toothbrush storage, with a non-slip surface that ensures both practicality and visual appeal.

**Soap Dish:** Features a built-in wooden draining grate to quickly wick away moisture, preventing soap mush and extending its lifespan.

**Oval Vanity Tray:** A spacious surface to organize skincare products, jewelry, or fragrances, keeping your countertop clutter-free and essentials within easy reach.

**Toilet Brush:** A sleek black handle paired with a sealed resin base, ensuring efficient cleaning while discreetly concealing the brush head for a tidy, polished look.

The premium resin construction is waterproof, moisture-resistant, and easy to clean, maintaining its pristine appearance even in the dampest bathroom conditions. The natural wood components undergo a precision sealing process, effectively guarding against water damage and ensuring long-lasting durability without compromising on texture.

Whether you're designing a vintage-inspired bathroom or adding a bold accent to a minimalist space, this 5-piece set integrates effortlessly. It transforms every moment of self-care into an embrace of refined living, effortlessly elevating the style and functionality of your bathroom sanctuary.

### Cleaning Tips for the 5-Piece Glass Bathroom Set

To maintain the beauty and durability of this 5-piece resin and wood bathroom set, please follow these cleaning and care recommendations:

#### I. Daily Cleaning (Resin Body)

**Daily care:** Use a soft microfiber cloth or sponge dampened with mild neutral soapy water or diluted dish soap to gently wipe the surface.

**Stubborn stains:** For light stains or watermarks, apply a small amount of baking soda paste with a damp cloth and rub gently, then rinse thoroughly with clean water and dry immediately.

**Avoid:** Do not use steel wool, scouring pads, or abrasive cleaning tools, as well as cleaners containing abrasives, strong acids, or alkalis, to prevent scratching or corroding the resin surface.

#### II. Care for Wooden Components

**Cleaning:** Wipe the wooden bases and the draining grate in the soap dish with a slightly damp soft cloth. Do not soak them in water for extended periods.

**Drying:** Always dry thoroughly with a clean cloth after cleaning to prevent wood warping, cracking, or mold growth due to residual moisture.

**Regular maintenance:** Every 3–6 months, apply food-grade wood wax oil or a specialized wood care oil evenly to the wooden

surfaces. Allow it to fully absorb, then wipe off any excess oil to maintain the wood's luster and water resistance.

### III. Item-Specific Cleaning Instructions

**Soap dispenser:** Regularly empty any remaining liquid, rinse the interior with warm water, and wipe the body and pump head with a soft cloth. If the pump becomes clogged, soak it in warm water to clear the blockage.

**Tumbler:** Rinse with clean water daily. Once a week, soak it in diluted white vinegar for 10–15 minutes to remove limescale and bacteria.

**Soap dish:** Promptly remove standing water and soap residue. The wooden draining grate should be taken out separately for cleaning and fully air-dried.

**Tray:** Wipe the surface with a damp cloth. Avoid placing hot items directly on the tray.

**Toilet brush:** Rinse the brush head with clean water after use. When replacing it in the holder, ensure the head does not touch the bottom of the base to maintain ventilation and dryness. The interior of the base can be wiped periodically with a diluted disinfectant.

### IV. Additional Notes

Avoid prolonged exposure to direct sunlight or high temperatures to prevent resin discoloration and wood cracking. Keep the set away from sharp objects to avoid surface scratches.

## Production process

MAYLAND / Polyresin Item Production Process Flow		
		
Grouting	Natron	Repair
