Polyresin bathroom accessories set round with vertical stripe toilet accessories soap dispenser bowl brush

Product introduction:

In bathroom design, it is often the details that define the overall aesthetic. This set of five off-white ribbed resin bathroom accessories infuses your daily cleansing routine with a sense of refinement and ease, thanks to its minimalist lines and warm, tactile finish.

The complete set includes a soap dispenser, a tumbler, a soap dish, a cotton jar, and a toilet brush, achieving a unified design for bathroom essentials that seamlessly blends functionality and aesthetics. Crafted from high-quality resin, the pieces boast a smooth, porcelain-like touch, while offering exceptional durability and stain resistance to thrive in the humid bathroom environment. The vertical ribbed texture is a design highlight: it enhances grip for practicality and adds depth through light and shadow play. Paired with the soft off-white hue, the set effortlessly complements a variety of bathroom styles, from modern minimalism to Nordic chic.

Soap Dispenser: Featuring a double-layered cylindrical shape with an ABS pump head, it dispenses smoothly without drips, making it an elegant choice for hand soap or body wash.

Tumbler: Its rounded body offers both a comfortable grip and visual appeal, serving as a versatile piece for rinsing or storing small items.

Soap Dish: Equipped with a lid adorned with a radial pattern, it keeps soap clean and prevents water buildup, reflecting thoughtful attention to detail.

Cotton Jar: The airtight design effectively keeps moisture out, making it ideal for storing cotton pads, swabs, and other small toiletries.

Toilet Brush: The concealed design keeps the cleaning tool discreet, while the stainless steel handle and resin holder create a cohesive look, ensuring functionality without compromising on tidiness.

More than just practical household items, this five-piece bathroom set elevates the space as a decorative accent. When neatly arranged on the vanity or in a bathroom corner, the soft color palette and consistent lines instantly create an orderly, warm, and elegant atmosphere. Whether for personal use or as a housewarming gift, it conveys a thoughtful commitment to quality living.

Cleaning Tips for the 5-Piece Glass Bathroom Set

This five-piece off-white ribbed resin bathroom set combines aesthetic appeal with practicality. With proper daily cleaning and maintenance, it can retain its delicate texture for a long time. Below is a component-by-component cleaning guide:

I. General Cleaning Principles

Material Characteristics: The main body is made of resin, which is moisture-resistant and stain-resistant. However, it should avoid contact with highly corrosive cleaners (such as strong acids, strong alkalis, and chlorine bleach) to prevent surface discoloration or loss of luster.

Daily Cleaning: It is recommended to rinse with clean water daily and perform a deep clean once a week to prevent soap scum, water stains, and bacterial growth.

Cleaning Tools: Prioritize soft cloths, sponges, or soft-bristled brushes. Avoid hard tools like steel wool or scouring pads to prevent scratching the ribbed texture.

II. Component-Specific Cleaning Methods

Soap Dispenser

Daily: Before refilling, rinse the bottle with warm water, dry it thoroughly, then add new hand soap or body wash to avoid spoilage from mixing old and new liquids.

Deep Clean: Unscrew the ABS pump head, soak it in warm water with a neutral detergent for 10 minutes, use a soft brush to remove any soap residue inside the pump, rinse thoroughly, and air-dry before reattaching.

Tumbler

Rinse with clean water after daily use and dry the inside to prevent water stains from forming.

Soap Dish

Empty any standing water daily and rinse the dish to avoid soap residue buildup.

The radial texture can trap dirt; use a soft toothbrush with neutral detergent to gently scrub, then rinse and air-dry.

Cotton Jar

Empty the contents regularly, clean the jar and lid with warm water and neutral detergent, and allow it to dry completely before storing cotton pads, swabs, or other items to prevent moisture and mold.

Avoid wiping with alcohol or other organic solvents, as this may damage the resin surface.

Toilet Brush

After each use, rinse the handle and brush head with clean water, then place it in the holder to drain.

Soak the brush head in a diluted neutral disinfectant for 5–10 minutes weekly to kill bacteria, then rinse and air-dry.

The holder can trap water; clean the interior regularly with a soft brush to keep it dry and hygienic.

III. Maintenance Tips

Avoid prolonged exposure to direct sunlight to prevent the resin from aging and discoloring.

Keep away from sharp objects when placing to avoid scratching the ribbed texture.

For stubborn stains, first soften them with warm water, then wipe with a neutral detergent—do not scrub vigorously.

By following these cleaning and maintenance methods, your bathroom accessory set will stay clean and beautiful, creating a comfortable and elegant atmosphere in your bathroom.

Production process

FAQ

Are you a factory or trading company?

We are a factory with sales office and factory in Dongguan, China. Our factory has BSCI certificates and more than 60 experienced workers.

How about the delivery day?

We need 60 days as production lead time after the order is confirmed. We have no stock at hand, so we will prepare material and arrange mass production according to your purchase order.
