Polyresin bathroom set ombre blue resin soap bottle soap dispenser tumbler soap dish

Product introduction:

In bathroom design, it is the details that define the overall aesthetic. This five-piece gradient blue resin bathroom set infuses your daily cleansing routine with a fresh, sophisticated touch through its minimalist lines and ombre color palette.

The complete set includes a soap dispenser, tumbler, toothbrush holder, soap dish, and toilet brush, covering all your bathroom needs in both function and style. Crafted from high-quality resin, each piece boasts a warm, smooth texture, offering exceptional durability and water resistance—ideal for the humid environment of a bathroom. The vertical ribbed texture not only enhances grip and slip resistance but also adds a three-dimensional, layered look to every item, eliminating visual monotony.

The gradient blue design is the set’s crowning feature. Transitioning seamlessly from pure white to deep cobalt, it evokes the gentle ebb of ocean waves lapping at the shore—marrying the crispness of white with the calm sophistication of blue. This low-saturation color scheme effortlessly complements modern, minimalist, Nordic, and luxury bathroom styles, harmonizing beautifully with marble countertops or wooden cabinetry to become a striking focal point.

Functionality meets beauty in every piece:

The soap dispenser features a matching ABS pump head for smooth, residue-free dispensing.

The toothbrush holder’s multi-compartment design keeps oral care items neatly organized.

The wide-mouthed tumbler is easy to clean and doubles as a makeup brush holder.

The shallow soap dish, with its radial texture, promotes drainage to keep soap dry while doubling as a decorative accent.

The toilet brush’s concealed design integrates the cleaning tool seamlessly into your space, avoiding the visual clutter of traditional options.

More than just a practical storage solution, this gradient blue resin bathroom set is an aesthetic statement that elevates your space. With its exquisite craftsmanship, elegant color, and thoughtful design, it transforms daily rituals into moments of quiet luxury, infusing your bathroom with refined charm and warmth.

Cleaning Tips for the 5-Piece Glass Bathroom Set

Empty any remaining liquid and rinse the interior with warm water.

Add a small amount of neutral dish soap, shake gently, let it sit for 5 minutes, then rinse thoroughly with clean water.

Pump head: Disassemble, soak in warm, soapy water, use a soft brush to remove residue, then air-dry before reassembling.

Bottle body: Wipe the vertical ribs with a soft cloth dampened with soapy water, then rinse and dry completely.

I. General Cleaning Principles

Material Properties: The high-quality resin is water-resistant and moisture-proof, but avoid prolonged exposure to strong chemical cleaners.

Cleaning Frequency: Basic cleaning is recommended 1–2 times per week; high-use items like the soap dispenser and soap dish can be cleaned more often as needed.

Cleaning Tools: Use soft cloths, sponges, or soft-bristled brushes. Avoid steel wool, scouring pads, or other abrasive tools to prevent scratching the vertical ribbed texture.

Cleaning Agents: Neutral dish soap or mild soapy water is sufficient. For stubborn stains, diluted white vinegar or a dedicated resin cleaner can be used. Never use strong acids or alkalis (e.g., toilet bowl cleaner, bleach).

II. Step-by-Step Cleaning for Each Item

1. Soap Dispenser

2. Tumbler

Daily care: Rinse with warm, soapy water and wipe the interior and exterior with a soft cloth.

After each use, promptly empty any standing water and rinse away soap residue.

Stubborn soap scum: Scrub the radial texture with a paste of warm water and baking soda, then rinse and dry. Keep the soap dry by replacing it regularly to prevent mold growth.

Remove all items, rinse with warm water, and use a soft brush to clean residue from crevices.

Mold/mildew: Wipe with diluted white vinegar or rubbing alcohol, rinse with clean water, and air-dry thoroughly in a well-ventilated area.

A deep clean is recommended at least once a week to prevent bacterial growth.

Avoid leaving colored liquids in the tumbler for extended periods to prevent staining.

3. Toothbrush Holder

4. Soap Dish

5. Toilet Brush & Holder

Toilet brush: After use, rinse with clean water, lightly scrub with a diluted disinfectant, then hang to drain.

Holder: Empty any water, clean the interior with soapy water and a soft brush, then rinse and dry.

For deep sanitization, soak the holder in a diluted disinfectant 1–2 times per month to kill bacteria
