## Polyresin soap dispenser set round with vertical stripe bathroom accessories set toothbrush holder

### Product introduction:

In the fast-paced rhythm of modern life, the bathroom is a private sanctuary where we can shed the weariness of the day. This five-piece resin bathroom accessory set, with its minimalist design and practical functionality, infuses a sense of texture and sophistication into your daily cleansing rituals.

The complete set includes a soap dispenser, a tumbler, a toothbrush holder, a soap dish, and a toilet brush, offering a one-stop solution that covers all your bathroom cleaning and storage needs. Crafted from high-quality resin, it is waterproof, moisture-resistant, and fade-proof, maintaining its pristine appearance even after prolonged use.

The design embraces a classic color-blocking aesthetic, pairing a deep emerald green base with crisp white trim, complemented by a textured vertical ribbed pattern that creates a simple yet striking silhouette. The metallic-finish pump head dispenses liquid smoothly without dripping, seamlessly blending style and utility. The tumbler and toothbrush holder are ergonomically shaped for comfortable handling, while their compartmentalized design keeps your countertop clutter-free. The shallow soap dish features a ventilated base to prevent soap from becoming soggy, and the toilet brush, with its extended handle and dense bristles, effortlessly reaches every corner, while its base's openwork design accelerates drying and eliminates unpleasant odors.

This versatile set effortlessly complements a variety of bathroom styles, from modern minimalism and Nordic forest themes to contemporary luxury. It elevates the quality of daily life through thoughtful details, making it an ideal choice for personal use or a thoughtful gift for loved ones, transforming every moment of cleansing into a comfortable and aesthetically pleasing experience.

## Cleaning Tips for the 5-Piece Glass Bathroom Set

### I. Daily Cleaning (After Each Use)

**Prompt Wiping:** After each use, gently wipe the surface with a soft dry cloth or a slightly damp soft cloth to remove water stains and foam, preventing the formation of limescale.

**Pump Head Cleaning:** For the pump head of the liquid soap dispenser, rinse it with warm water once a week, and press it several times to expel any residual liquid to prevent clogging.

**Internal Rinsing:** For containers such as toothbrush holders, tumblers, and toilet brush holders, rinse the inside with clean water after each use to avoid bacterial growth.

### II. Deep Cleaning (1-2 Times a Week)

**Mild Detergents:** Use neutral dish soap or a dedicated bathroom cleaner, dilute it, and wipe with a soft cloth. Avoid using strong acids, strong alkalis, or cleaners containing abrasive particles, as these may damage the surface.

#### Handling Stubborn Stains:

**Limescale:** Soak the item in a solution of white vinegar or citric acid for 10-15 minutes, then wipe it with a soft cloth.

**Mold/Mildew:** Gently wipe with diluted bleach or a specialized mold remover, then rinse thoroughly with clean water.

### III. Special Component Cleaning

**Toilet Brush:** After use, soak the brush head in a diluted disinfectant solution for 5-10 minutes, then rinse it thoroughly with clean water and place it back in the holder to drain.

**Soap Dish:** Promptly remove any residual soap, rinse with warm water, and avoid the buildup of soap scum.

#### IV. Care & Maintenance Notes

**Avoid Scratching:** Use soft cloths or sponges for cleaning; do not use hard tools such as steel wool or scouring pads.

**Keep Dry:** Always dry the items thoroughly after cleaning, especially the metal components, to prevent water residue from causing oxidation.

**Avoid Direct Sunlight:** Do not expose the products to direct sunlight for extended periods, as this may cause material aging and fading.

**Handle with Care:** Be careful to avoid collisions when moving the items
