Ombre wine polyresin bathroom accessories set resin soap dispenser tumbler toilet brush

Product introduction:

Transform your bathroom into a space of modern elegance with this five-piece resin bathroom set, featuring a striking red-to-white gradient design. Seamlessly blending vibrant color, refined texture, and practical functionality, it elevates your daily routine while serving as a stunning focal point. The set includes a soap dispenser, tumbler, toothbrush holder, soap dish, and toilet brush, providing a complete solution for your bathroom organization needs.

Crafted from high-quality resin, the set is waterproof, moisture-resistant, and highly durable, making it ideal for the humid bathroom environment. It resists fading and deformation, maintaining its pristine appearance with regular use. The exterior features a classic vertical ribbed texture that enhances visual depth and provides a secure, non-slip grip. The seamless red-to-white gradient adds a dynamic, contemporary touch, breaking away from the monotony of solid-colored bathroom accessories.

Thoughtful details define the set's user-centric design:

The soap dispenser is equipped with a smooth ABS pump head for precise, effortless dispensing of hand soap or shower gel. The dual-compartment toothbrush holder keeps brushes separated for optimal hygiene.

The rounded tumbler offers a comfortable grip and generous capacity, perfect for rinsing or storing small items.

The oval soap dish has slightly raised edges and a built-in drainage system to prevent slippage and keep soap dry.

The toilet brush, with its black handle and gradient holder, offers a sleek, minimalist look while keeping the brush neatly concealed.

With its versatile, minimalist design, this set effortlessly complements modern, Scandinavian, and other contemporary decor styles. The bold red gradient infuses energy into your space, transforming it from a purely functional area into a reflection of your refined taste. More than just a set of organizers, it turns the mundane moments of daily hygiene into a ritual of beauty and self-care.]

Cleaning Tips for the 5-Piece Glass Bathroom Set

I. Daily Basic Cleaning (1–2 times per week)

General Principles

The set is made of resin. Avoid hard tools like steel wool or scouring pads to prevent scratching the vertical ribbed surface and damaging the gradient coating.

Use warm water with a neutral dish soap or hand soap, and wipe with a soft cloth or sponge.

For black metal pump heads and handles, gently wipe with a dry soft cloth to avoid oxidation or paint peeling caused by prolonged water exposure.

Soap Dispenser

Empty any remaining liquid, rinse the inside with warm water, add a small amount of neutral detergent, shake well, then rinse thoroughly.

The pump head can be removed and soaked in warm water for 5–10 minutes to clear any residue and prevent clogging.

Wipe the bottle body with a soft cloth, and dry the pump head with a dry cloth to avoid water residue.

Toothbrush Holder & Tumbler

Pour out any standing water, and clean the inside with a soft brush or sponge to remove toothpaste residue and dirt. Rinse with warm water, then invert to drain and keep the interior dry to prevent mold growth.

Soap Dish

Empty standing water daily and rinse with warm water to remove soap scum.

For stubborn soap scum, gently wipe with a soft cloth dipped in a small amount of baking soda paste, then rinse and dry thoroughly.

Toilet Brush

After each use, rinse the brush head with clean water, then soak it in diluted disinfectant for 5 minutes.

Clean the brush holder with neutral detergent, wiping both inside and out, then rinse thoroughly and invert to air dry.

II. Deep Cleaning (once per month)

Place all non-metal components in warm water with a small amount of neutral detergent and soak for 15–20 minutes.

Use a soft brush to gently scrub the gaps in the vertical ribs to remove accumulated dirt, then rinse thoroughly with clean water.

Wipe metal pump heads and handles with a dedicated metal polish or alcohol pads to restore their shine.

III. Important Notes

Avoid prolonged exposure to direct sunlight or proximity to high heat sources to prevent discoloration and deformation of the resin, and to protect the gradient colors from fading.

Do not use cleaners containing bleach, strong acids, or strong alkalis, as they may corrode the material or damage the gradient coating.

Keep the set dry when stored, and avoid prolonged standing water to prevent mold and unpleasant odors.
