Polyresin bathroom accessories set square soft touch soap dispenser soap dish tumbler cotton jar

Product introduction:

This four-piece rubber-coated resin bathroom set infuses your daily ritual with quiet sophistication.

Finished in a deep matte black, it exudes a calm, elevated presence that seamlessly complements modern, industrial, or luxe bathroom aesthetics, becoming the understated focal point of your vanity. The surface is treated with a fine rubber coating, delivering a soft, skin-friendly matte finish that replaces the cold rigidity of ordinary resin. Each touch feels like brushing against a plush fabric—non-slip, scratch-resistant, and resistant to fingerprints even with prolonged use.

Thoughtfully designed for function and order: the soap dispenser features a smooth pump mechanism for mess-free dispensing; the square tumbler boasts rounded edges for a comfortable grip, ideal for rinsing or storing small essentials; the elongated soap dish offers a flat, stable base to cradle your bar soap, with the matte black finish hiding water spots for easy upkeep; the lidded cotton jar keeps cotton swabs and pads dust-free, with a smooth, easy-to-open lid.

The vertical ribbed texture is the set's signature detail—crisp, three-dimensional ridges create visual depth and enhance grip while adding a modern edge. Crafted from seamless resin, the set is durable, water-resistant, and built to withstand the humidity of the bathroom. Cleaning is effortless: a quick wipe is all it takes to restore its pristine look.

From the first splash of morning water to the calm of your evening routine, this bathroom set transforms the ordinary into the extraordinary. More than just functional tools, it is a piece of understated art, turning your bathroom into a private sanctuary of calm and refinement.

Cleaning Tips for the 4-Piece Glass Bathroom Set

Thanks to its material and craftsmanship, this bathroom set is easy to clean and resistant to dirt buildup. Follow these simple guidelines for daily maintenance:

Daily Cleaning

Wipe the surface gently with a soft, damp cloth or sponge dipped in a mild detergent (e.g., diluted hand soap or dish soap) to remove daily stains and water marks.

Avoid using abrasive scrubbers, steel wool, or other harsh tools, as they may scratch the rubber coating.

Removing Stubborn Stains

For tough stains, soak the item in warm water briefly first, then wipe with a soft cloth and a small amount of mild detergent.

Do not use strong acids, alkalis, or corrosive cleaners (such as toilet cleaners or bleach), as they can damage the coating, causing discoloration or peeling.

Detailed Cleaning

Soap Dispenser: Remove the pump head and rinse the internal tubes with warm water to prevent clogging from leftover soap. Wipe the bottle body with a soft cloth.

Tumbler / Cotton Jar: Clean the edges and crevices with a soft brush or cotton swab, then rinse the interior with clean water and dry thoroughly.

Soap Dish: Rinse directly with water, dry completely before placing back, to avoid soap residue buildup.

Important Notes

Dry all items thoroughly after cleaning to prevent prolonged water exposure.

Do not use alcohol, or other organic solvents—they may dissolve the rubber coating.

Keep the set away from direct sunlight or high temperatures to prevent material aging and discoloration.
