## Ombre blue poliresin bathroom set resin hand soap dispenser tumbler soap dish toilet brush holder

### Product introduction:

In the hustle and bustle of urban life, the bathroom is a gentle haven where we can unwind and soothe our emotions. Drawing inspiration from the ocean, this 5-piece gradient water ripple resin bathroom set infuses your daily cleansing routine with quiet poetry, turning every touch into a tender conversation with nature through its delicate textures and gradient hues.

Crafted from high-quality resin, the main body features layered water ripple textures created via a specialized process. The surface feels warm, non-slip, and tactile, as if your fingertips are gliding over the ripples of the sea. The gradient from crisp white to deep ocean blue transitions naturally, seamlessly complementing modern minimalist, Nordic, or even luxurious bathroom styles, instantly transforming your vanity into a calming, scenic retreat.

This comprehensive set covers all core bathroom needs:

The soap dispenser is equipped with an ABS pump head, ensuring smooth, jitter-free pressing and consistent, fine liquid output, perfectly suited for hand soap, body wash, and other toiletries.

The toilet brush boasts a sturdy stainless steel (S/S) handle that resists rust and corrosion, paired with a nylon brush head. The flexible bristles deliver powerful cleaning performance, reaching deep into toilet crevices while resisting dirt buildup. The rounded tumbler fits comfortably in your hand, while the small tray and elongated tray offer versatile storage for soaps, jewelry, and other small items, keeping your countertop tidy and organized.

Every detail reflects a commitment to quality. The resin material is waterproof, moisture-resistant, and easy to clean, thriving in the humid bathroom environment. The gradient finish is scratch-resistant and retains its vibrant look even with long-term use. The combination of the stainless steel handle and nylon brush head balances practicality and durability. With no need for extra styling, this set instantly elevates your bathroom, turning mundane cleansing into a brief, therapeutic ritual that infuses everyday life with refined ceremony.

## Cleaning Tips for the 5-Piece Glass Bathroom Set

### 1. Cleaning Resin Components (Soap Dispenser Bottle, Tumbler, Tray, Toilet Brush Holder)

**Daily Cleaning:** Gently wipe the water ripple texture on the resin surface with a soft, damp cotton cloth or sponge dipped in a small amount of neutral dish soap (or mild soapy water). Focus on removing water stains, foam residue, and dust, and avoid vigorous rubbing to prevent damage to the gradient glaze.

**Deep Stain Removal:** For stubborn stains (such as limescale or toiletries residue), apply a small amount of non-abrasive toothpaste to the affected area, gently scrub with a soft-bristled brush, then rinse thoroughly with water and dry with a cloth. Do not use hard tools like steel wool or scouring pads, as they may scratch the surface and wear away the gradient color.

**Precautions:** Do not use strong acid or alkaline cleaners, as they may corrode the resin surface, causing the gradient color to peel off and the glaze to yellow. Dry the surface promptly with a cloth after cleaning to avoid prolonged water accumulation, which can lead to resin aging and bacterial growth.

---

### 2. Specialized Cleaning of Functional Accessories

**ABS Pump Head (Soap Dispenser):** If liquid flow is restricted, carefully remove the pump head and soak it in warm water (40-50°C) for 10-15 minutes to dissolve any crystallized toiletries residue. Rinse thoroughly with water before reinstalling. Do not pierce the liquid outlet with sharp objects (such as toothpicks or needles), as this may damage the pump head and affect its performance.

**Stainless Steel (S/S) Toilet Brush Handle:** Wipe with a soft, damp cloth dipped in neutral detergent to remove water stains and dust. The stainless steel material is rust-resistant and requires no additional anti-rust treatment. After cleaning, dry it and place it in a well-ventilated area to avoid prolonged exposure to moisture.

**Nylon Brush Head (Toilet Brush):** Rinse thoroughly with water after use to remove any remaining dirt. For weekly disinfection, soak it in a small amount of mild disinfectant for 5 minutes, then rinse again with water and hang it in a ventilated area to dry. Avoid prolonged soaking in water to prevent bristle deformation, hardening, and bacterial growth.

---

### 3. Daily Care & Usage Tips

Avoid pouring boiling hot water directly into the tumbler, as extreme temperature differences may cause the resin to crack and damage the glaze, compromising the gradient appearance.

It is recommended to fill the soap dispenser with fluid toiletries. Avoid overly viscous liquids (such as thick hand soap or exfoliating body wash) to prevent clogging the pump head and affecting its function.

Keep the product out of direct sunlight for extended periods to prevent fading of the resin gradient color and aging of the glaze. It is best to place it in a cool, well-ventilated area of the bathroom.

Regularly check the connections of all accessories. If any parts (such as the pump head or brush handle) become loose, tighten them promptly.

If any parts are damaged, discontinue use to avoid affecting the cleaning effect.

By following these cleaning and care methods, your bathroom 5-piece set will maintain its warm texture and gradient luster for a long time, continuing to create a tidy, calming, and comfortable atmosphere in your bathroom.
