Ombre green poliresin bathroom set resin hand soap bottle bath kit household item tumbler soap dish bowl brush

Product introduction:

In the fast-paced urban life, the bathroom is a private sanctuary where we shed fatigue and return to tranquility. Drawing inspiration from natural greenery, this 5-piece gradient water ripple resin bathroom set infuses your daily cleansing routine with fresh poetry, turning every touch into a gentle conversation with nature through its delicate textures and soft gradient hues.

Crafted from high-quality resin, the main body features layered water ripple textures that offer a warm, non-slip touch, as if your fingertips are gliding over the ripples of a lake. The gradient from crisp white to soft pea green transitions naturally, seamlessly complementing modern minimalist, Nordic, pastoral, or even luxurious bathroom styles, instantly transforming your vanity into a calming, scenic retreat.

This comprehensive set covers all core bathroom needs:

The soap dispenser is equipped with an ABS pump head, ensuring smooth, jitter-free pressing and consistent, fine liquid output, perfectly suited for hand soap, body wash, and other toiletries.

The toilet brush boasts a sturdy stainless steel (S/S) handle that resists rust and corrosion, paired with a nylon brush head. The flexible bristles deliver powerful cleaning performance, reaching deep into toilet crevices while resisting dirt buildup. The rounded tumbler fits comfortably in your hand, while the small tray and elongated tray offer versatile storage for soaps, jewelry, and other small items, keeping your countertop tidy and organized.

Every detail reflects a commitment to quality. The resin material is waterproof, moisture-resistant, and easy to clean, thriving in the humid bathroom environment. The gradient finish is scratch-resistant and retains its vibrant look even with long-term use. The combination of the stainless steel handle and nylon brush head balances practicality and durability. With no need for extra styling, this set instantly elevates your bathroom, turning mundane cleansing into a brief, therapeutic ritual that infuses everyday life with refined ceremony.

Cleaning Tips for the 5-Piece Glass Bathroom Set

To maintain the warm texture and fresh luster of this green gradient bathroom set for a long time, we have compiled this practical cleaning and care guide based on the characteristics of different materials including resin, ABS, stainless steel (S/S), and nylon:

1. Cleaning Resin Components (Soap Dispenser Bottle, Tumbler, Tray, Toilet Brush Holder, Vanity Tray)

Daily Cleaning: Gently wipe the water ripple texture on the surface with a soft, damp cotton cloth or sponge dipped in a small amount of neutral dish soap or mild soapy water. Focus on removing water stains, foam residue, and dust, and avoid vigorous rubbing to prevent damage to the gradient glaze.

Deep Stain Removal: For stubborn stains such as limescale or toiletries residue, apply a small amount of non-abrasive toothpaste to the affected area, gently scrub with a soft-bristled brush, then rinse thoroughly with water and dry with a cloth. Do not use hard tools like steel wool or scouring pads, as they may scratch the surface and wear away the gradient color.

Precautions: Do not use strong acid or alkaline cleaners, as they may corrode the resin surface, causing the gradient color to peel off and the glaze to yellow. Dry the surface promptly with a cloth after cleaning to avoid prolonged water accumulation, which can lead to resin aging and bacterial growth.

2. Specialized Cleaning of Functional Accessories

ABS Pump Head (Soap Dispenser): If liquid flow is restricted, remove the pump head and soak it in warm water (40-50°C) for 10-15 minutes to dissolve crystallized toiletries residue. Rinse thoroughly with water before reinstalling. Do not pierce the liquid outlet with sharp objects, as this may damage the pump head.

Stainless Steel (S/S) Toilet Brush Handle: Wipe with a soft, damp cloth dipped in neutral detergent to remove water stains and dust. The stainless steel material is rust-resistant and requires no additional anti-rust treatment. After cleaning, dry it and place it in a well-ventilated area.

Nylon Brush Head: Rinse thoroughly with water after use, soak it in a small amount of mild disinfectant for 5 minutes to sterilize, then hang it in a ventilated area to dry. Avoid prolonged soaking in water to prevent bristle deformation and bacterial growth.

3. Daily Usage & Care Tips

Avoid pouring boiling hot water directly into the tumbler, as extreme temperature differences may cause the resin to crack and damage the glaze.

Do not fill the soap dispenser with overly viscous toiletries, as this may clog the pump head.

Keep the product out of direct sunlight for extended periods to prevent fading of the resin gradient color and aging of the glaze. It is recommended to place it in a cool, well-ventilated area of the bathroom.

Regularly check the connections of all accessories. If any parts (such as the pump head or brush handle) become loose, tighten them promptly. If any parts are damaged, discontinue use.

By following these methods, your bathroom 5-piece set will maintain its fresh texture and tidy appearance for a long time, continuing to create a comfortable and calming atmosphere in your bathroom.
