## Modern sand stone bathroom set round with travertine look lotion pump bottle toothbrush holder

### Product introduction:

In the fast-paced daily routine, the bathroom is your exclusive corner of relaxation. This grey resin bathroom 5-piece set, inspired by wabi-sabi aesthetics, features premium materials and practical design to create a bathroom space that balances beauty and texture.

The set includes a soap dispenser, toothbrush holder, cotton swab jar, storage tray, and toilet brush. Coordinated as a complete collection, it eliminates clutter and instantly keeps your countertop neat and organized. Crafted from grey resin with a travertine-inspired texture, the surface features natural microporous details. The matte finish is both sophisticated and stain-resistant, blending seamlessly with Nordic, industrial, minimalist, and other decor styles to elevate your bathroom's aesthetic.

Thoughtful details define the design: the soap dispenser pump is made of ABS material for smooth, leak-free dispensing and effortless cleaning; the cotton swab jar lid and toilet brush handle are crafted from brushed stainless steel, which resists rust and corrosion to stay bright and polished with long-term use. The toilet brush comes with a nylon bristle ball that is gentle on toilet glazes yet effective at reaching crevices to remove stubborn stains, balancing practicality and durability.

The resin material has a smooth, warm touch that prevents slipping when handling. Daily maintenance is simple—just wipe with a soft cloth. The divided toothbrush holder keeps toothbrushes and toothpaste separate to avoid cross-contamination, while the oval tray doubles as both storage for small bathroom essentials and a display stand for candles or decor pieces, offering versatile functionality.

From morning routines to evening wind-downs, this bathroom set is more than just practical storage—it's a subtle style statement for your space. With its calm grey tone and refined texture, it infuses your bathroom with a relaxed, upscale atmosphere, turning every wash into a small, self-caring ritual.

### **Cleaning Tips for the 5-Piece Glass Bathroom Set**

This resin bathroom accessory set includes a soap dispenser, toothbrush holder, cotton jar, tray, and toilet brush. The pump nozzle is made of ABS material, while the cotton jar lid and toilet brush handle are made of stainless steel. The set requires zoned cleaning care to avoid damaging different materials.

#### **Routine cleaning is recommended once a week:**

For the resin main parts, wipe with a soft cloth dampened with neutral detergent solution to remove water stains, soap scum, and toothpaste residue. For the compartments of the toothbrush holder and the corners of the tray, gently brush the gaps with a soft-bristled brush, then rinse with clean water and dry immediately.

Detach the ABS pump nozzle and rinse it with warm water to remove soap residue. Do not use alcohol or strong acidic cleaners, as these may cause the material to become brittle and discolor. For the stainless steel parts (jar lid and brush handle), wipe with a dry soft cloth. If water stains appear, gently clean them with a dedicated stainless steel cleaner and avoid prolonged contact with water to prevent oxidation.

**Precautions:** Do not use steel wool, bleach, or other highly corrosive tools/cleaners, as they may scratch the matte resin surface or corrode the metal parts. Do not soak resin components in water for long periods. After cleaning, place them in a well-ventilated area to dry to prevent mold growth. For stubborn limescale, gently wipe with a soft cloth dampened with a small amount of white vinegar, then rinse with clean water to restore the surface texture.
