Polyresin bathroom accessories set round with travertine look resin soap dispenser tumbler bath kit

Product introduction:

This travertine-inspired stone bathroom 5-piece set infuses your bathroom with a calm, sophisticated natural aesthetic. The set includes a soap dispenser, tumbler, soap dish, cotton swab jar, and toilet brush holder—each blending practical functionality with artistic design to create a cohesive, luxurious bathroom space.

The surface features an intricate travertine-look finish, replicating the natural stone’s mottled texture and matte finish. The deep charcoal tone is understated yet elegant, resistant to fingerprints and water stains, and easy to clean. Warm wood accents add a natural touch to the cool stone base, creating a balanced, minimalist Nordic vibe that complements modern, industrial, and wood-style interiors.

The soap dispenser comes with a leak-proof pump for smooth, consistent dispensing; the tumbler and soap dish have clean lines with smooth edges; the lidded cotton swab jar keeps contents dust-free and dry; and the toilet brush holder with a wooden handle combines utility and style, elevating your bathroom beyond basic functionality.

Crafted from durable stone material, the set is water-resistant, mold-resistant, and built to last. The wood components are treated to withstand humid bathroom environments without warping or cracking. Perfect for elevating your daily routine or as a thoughtful housewarming gift, this set brings quiet luxury to everyday use, turning your bathroom into a serene, calming retreat.

Cleaning Tips for the 5-Piece Resin Bathroom Set

To maintain the texture and appearance of this travertine-look bathroom set, please follow these cleaning and care instructions:

Daily Cleaning:

Use a soft microfiber cloth or sponge dampened with clean water or a mild, neutral detergent to gently wipe the surface. Avoid using steel wool, hard brushes, or abrasive cleaners, as these may scratch the matte finish and wood components.

Tough Stain Removal:

For soap scum and water stains, mix equal parts white vinegar and water, spray onto the affected area, and let it sit for a few minutes before wiping clean with a soft cloth. Do not soak the items in water for long periods, and always dry them thoroughly after cleaning.

Wood Component Care:

The wooden parts (lid of the cotton swab jar, base of the soap dispenser, and toilet brush handle) should be wiped regularly with a dry cloth to keep them dry. You may apply a small amount of wood wax oil monthly to prevent warping or cracking caused by moisture.

Important Precautions:

Do not expose the products to direct sunlight for extended periods. Keep them away from harsh chemicals containing bleach, strong acids, or alkalis, which may cause discoloration or damage to the finish.

Regular Maintenance:

Perform a deep clean once a week. After drying, ensure the items are kept in a well-ventilated, dry place to prevent mold growth and extend the service life of the product.
