### **Cleaning Tips for the 5-Piece Resin Bathroom Set**

To maintain the texture and appearance of this travertine-look bathroom set, please follow these cleaning and care instructions:

#### **Daily Cleaning:**

Use a soft microfiber cloth or sponge dampened with clean water or a mild, neutral detergent to gently wipe the surface. Avoid using steel wool, hard brushes, or abrasive cleaners, as these may scratch the matte finish and accessories.

#### **Tough Stain Removal:**

For soap scum and water stains, mix white vinegar and water in a 1:1 ratio, spray onto the affected area, and let it sit for a few minutes before wiping clean with a soft cloth. Do not soak the items in water for long periods, and always dry them thoroughly after cleaning.

#### **Wood Component Care:**

The wooden parts (lid of the cotton swab jar, base of the soap dispenser, and toilet brush base) should be wiped regularly with a dry cloth to keep them dry. Apply a small amount of wood wax oil monthly to prevent warping or cracking caused by moisture.

#### **Stainless Steel Care:**

The toilet brush's stainless steel (S/S) handle can be wiped with a soft cloth dampened with a neutral detergent. Avoid contact with chlorine-based bleach to prevent oxidation and discoloration.

### ABS Sprayer Care:

The ABS sprayer on the soap dispenser should not be cleaned with strong acidic or alkaline cleaners, as these may cause aging or cracking. Simply wipe it with water or a mild detergent.

### Important Notes:

Do not expose the products to direct sunlight for extended periods. Keep them away from harsh chemicals (strong acids, alkalis, etc.) to prevent discoloration or damage to the finish. Perform a deep clean once a week, and ensure the items are kept in a well-ventilated, dry place after cleaning to prevent mold growth and extend product life.
