Sand stone bathroom accessories set round with wood accessories resin soap dispenser tumbler

Product introduction:

This stone-textured bathroom accessory set combines a warm, natural aesthetic with practical functionality, creating a relaxing and therapeutic corner in your bathroom. The set includes a soap dispenser, tumbler, soap dish, toilet brush, and wooden tray, fully meeting your daily bathroom storage and usage needs — making it the ideal choice for a minimalist lifestyle.

Crafted with a smooth, stone-like finish in a soft off-white tone, the set features a warm, skin-friendly texture and a natural wabi-sabi charm that complements Nordic, Japanese, and wood-style bathrooms alike. The carefully selected wooden accents add a touch of organic warmth, softening the cold edges of the bathroom and infusing the space with a cozy, inviting atmosphere. Every detail reflects a commitment to quality living.

Functionally, each element is thoughtfully designed. The soap dispenser is fitted with an ABS pump head, which is corrosion-resistant, delivers smooth, even output, and resists clogging — perfect for liquid soap or body wash. The toilet brush features a stainless steel handle for rust-proof durability and a nylon bristle head that is tough yet gentle, effectively cleaning hard-to-reach areas without scratching toilet surfaces. The tumbler and soap dish are simple yet practical: the cup's rounded design ensures a comfortable grip, while the dish's shallow base allows water to drain easily, keeping your countertop dry.

The included wooden tray not only keeps all your bathroom essentials neatly organized but also adds a refined finishing touch to your decor, turning your daily routine into a moment of ritualistic calm. Blending style and utility seamlessly, this set is perfect for new home setups or bathroom refreshes, helping you create a tidy, soothing, and stylish bathroom space — where every morning routine feels like a small moment of self-care.

Cleaning Tips for the 5-Piece Resin Bathroom Set

To keep your stone-textured bathroom set looking new, clean, and hygienic, please follow these simple cleaning guidelines:
Daily Cleaning: After each use, wipe the surface with a soft cloth or sponge dampened with clean water, and promptly dry off any soap residue or watermarks to prevent limescale buildup. The stone-like surface is delicate, so do not use abrasive scouring pads or hard brushes, as they may scratch the texture.

Periodic Descaling: If limescale or light stains appear, dilute a mild, neutral cleaner in warm water. Gently wipe the surface with a soft cloth, then rinse thoroughly with clean water and dry immediately. Avoid cleaners containing bleach, strong acids, or alkalis, as these can corrode the stone-like material and wooden parts, causing discoloration or cracking.

Wooden Care: Keep the wooden tray and bases away from prolonged water exposure. Wipe them with a slightly damp cloth and dry immediately. For long-term protection, you may apply a thin layer of wood wax oil periodically to prevent moisture damage, mold, and drying cracks.

Detailed Maintenance: Regularly remove and rinse the soap dispenser pump with warm water to prevent clogging from leftover soap. After use, let the toilet brush drain completely; soak the brush head in a mild disinfectant periodically, then hang it to air dry to avoid bacterial growth.

By following these steps, you can preserve the warm texture and beauty of the set, extend its service life, and keep your bathroom always fresh and comfortable.
