## Sand stone bathroom accrssories set round with wood accessories and checker soap dispenser toilet brush

### Product introduction:

Crafted with warm sandstone texture and natural wood accents, this 5-piece bathroom set infuses your space with the relaxed aesthetic of wabi-sabi design, turning daily grooming into a soothing ritual. The set includes a soap dispenser, tumbler, soap dish, cotton jar, and toilet brush, covering all essential bathroom needs while balancing functionality and style.

The main body is made of travertine-like sandstone material, featuring a delicate grid texture that breathes naturally. Its soft beige tone is versatile and pairs beautifully with wood, wabi-sabi, Nordic, and other decor styles. The natural wood details add warmth: the soap dispenser pump, the bases of the tumbler and soap dish, the lid of the cotton jar, and the toilet brush handle are all crafted from natural wood. The warm wood tones create a harmonious contrast with the sandstone texture, offering a smooth, tactile feel and a natural, earthy look.

The soap dispenser comes with a wooden pump for smooth, hassle-free use, suitable for all types of liquid soap and body wash. The tumbler and soap dish have non-slip, moisture-resistant wood bases for stable placement. The lidded cotton jar keeps cotton pads and swabs dust-free and organized. The toilet brush features a nylon head paired with a black TPR cover, effectively cleaning the toilet bowl while preventing odors from spreading. The wooden handle provides a comfortable grip, combining practicality with hygiene.

Designed for both aesthetics and durability, the sandstone surface is scratch-resistant and long-lasting, while the wood components are treated to resist moisture and deformation over time. Daily maintenance is simple—just wipe with a soft cloth to keep them looking fresh. Say goodbye to bathroom clutter and create a calming, sophisticated atmosphere, turning your bathroom into a serene corner filled with natural charm.

### Cleaning Tips for the 5-Piece Resin Bathroom Set

This 5-piece bathroom set combines sandstone and natural wood materials. To extend its service life, please follow the care instructions specific to each material:

For daily cleaning, simply wipe the surface with a soft dry or slightly damp cloth to remove dust, watermarks, and soap residue, keeping the set fresh and tidy.

The sandstone body is stain-resistant and durable. For stubborn stains, use a neutral detergent diluted with water to gently wipe the surface. Do not use strong acids, alkalis, steel wool, or abrasive tools as these may scratch the texture. Always dry with a clean cloth immediately after cleaning to prevent water spots.

The wooden parts (pump head, bases, jar lid, and brush handle) are water-resistant but not waterproof. Do not soak them in water or rinse the entire piece under running water. Wipe quickly with a damp cloth only. If they get wet, dry immediately and air-dry in a well-ventilated area, away from direct sunlight and humid environments, to prevent mold, cracking, or discoloration.

The nylon brush head and black TPR cover can be rinsed with water; let them drain completely before putting them back. We recommend regular deep cleaning to remove soap scum and hair. With proper care, this set will maintain its original texture and appearance for years to come.
