Polyresin Bathroom Set Rattan Weaving Bathroom Vanity Accessories Soap Dispenser Tumbler Soap Dish

Product introduction:

This cream woven-texture polyresin 7-piece bathroom set covers all storage and cleaning essentials for vanity countertops, including a toilet brush holder, cotton jar, soap dispenser, dual-compartment toothbrush caddy, tumbler, towel tray and soap dish. It brings a warm, natural vibe to your washroom with delicate faux rattan detailing.

Every piece is cast from high-density eco-friendly polyresin, a fully waterproof, moisture-proof material resistant to soap and cosmetic chemicals. It will not mildew, deform or fade even in persistently damp bathroom environments. The surface features an embossed hand-woven rattan pattern, blending creamy white base with light beige woven lines to create vivid three-dimensional texture. It delivers the warm aesthetic of natural wicker while retaining the low-maintenance benefits of resin—water stains and soap scum wipe away effortlessly with a soft cloth. The soft neutral palette matches cream, log, Japanese minimalist and homestay interior styles, instantly building a calm, cozy atmosphere when arranged on white marble vanity tops.

Each piece is crafted with thoughtful functional details: The toilet brush holder pairs with a rust-proof stainless steel long handle and deep-cleaning nylon bristles. The sealed lidded canister keeps cotton pads, floss and small accessories dust-free. The soap dispenser comes with a polished metal pump for smooth, leak-free dispensing of hand soap or body wash. The dual slot caddy neatly separates toothbrushes and razors. The thick-walled tumbler fits comfortably in hand. The long tray organizes skincare and aromatherapy products, while the round soap dish features drainage ridges to prevent soggy soap bars.

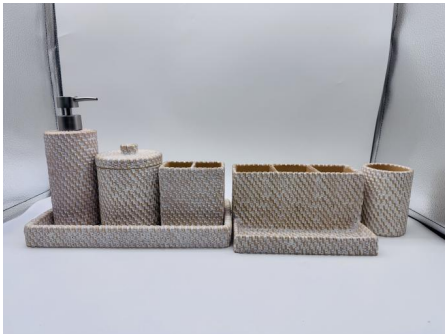

Matching woven patterns and neutral tones create a cohesive, upscale display. Sturdy shatterproof resin with smooth rounded edges makes the set safe for family use. It is an ideal upgrade for residential bathrooms, stylish decor for boutique hotels and homestays, or a thoughtful housewarming gift. Moving beyond plain cold solid-color bathroom accessories, its lifelike rattan texture infuses your vanity with laid-back natural charm, effortlessly crafting a bright, soothing spa-style bathroom space.

Cleaning Tips for the 7-Piece Glass Bathroom Set

Daily Quick Care

After daily use, wipe all polyresin surfaces with a soft damp microfiber cloth to remove water stains, toothpaste residue and soap scum immediately.

Pay extra attention to the recessed woven texture grooves where dirt easily accumulates. Finish with a dry lint-free towel to wipe away standing water,

as prolonged dampness will dull the matte cream finish and leave mineral marks on the embossed rattan patterns.

Weekly Deep Cleaning

Prepare warm water mixed with mild neutral dish soap. Use a soft sponge to gently scrub along the woven indentations to lift trapped grime. Strictly avoid abrasive scouring pads, steel wool, bleach, acidic cleaners and strong chemical disinfectants—these will scratch the resin surface, wear off the woven texture and fade the cream-beige color. For the metal pump on the soap dispenser, unscrew and rinse the internal tube under running water to clear clogged lotion residue. The stainless steel toilet brush handle can be wiped separately to prevent water spots.

Special Stain & Long-Term Maintenance

For stubborn makeup or oil stains, make a thin paste of baking soda and water, rub lightly then rinse completely. Do not soak the whole set in water for a long time. Place the set in well-ventilated bathroom areas to avoid mildew growth in closed humid cabinets. Never place hot hair styling tools directly on the resin surface, as high heat will deform and discolor the material. Gentle regular cleaning preserves the delicate woven texture and soft neutral color, extending the service life of the whole set.
